About Us

Mangia! Gourmet Cupcakes is a cupcake shop that focuses on homemade cupcakes of the highest quality. We provide artisan cupcakes for all occasions, the most popular being birthdays, anniversaries,

and Valentines day. We can create custom made cupcakes or guests can choose from a selection of store favorites and year round classic options. We have the options of mini sized and regular cupcakes. In addition, we can provide small party-ware such as candles, napkins, and confetti.

Our use of colorful designs and decorations make us not your ordinary cupcake brand that will add fun and novelty to your occasion.

We are a small company based in San Diego and are expanding to have multiple stores in shopping malls.

Visit us for unique cupcakes for your next occasion or for a quick treat while shopping!
